Synthetic cable pulling lines

Used by tube manufacturers and cable experts

*Our cable pulling lines are manufactured with the best raw materials in **polyamide, polyester and polypropylene**.*

*Combined with our long-standing know-how, we offer a product range with **excellent specifications**, perfectly round and smooth.*

Our lines have been used for more than 30 years. The reliability of our wires guarantees the highest performance of work for all the cable experts.

*This is how we became a **benchmark reference**.*

| Diameter (mm) | Meters/kg | Breaking load |
|---------------|-----------|---------------|
| 1,00 | 1127 | 35 daN |
| 1,27 | 698 | 50 daN |
| 1,80 | 347 | 100 daN |
| 2,00 | 279 | 130 daN |
| 2,50 | 180 | 210 daN |
| 3,00 | 125 | 230 daN |
| 4,00 | 70 | 580 daN |

Available colours: black, transparent, blue, salmon & yellow
