

Made in France

Deltex[®] flexible cubicles

**For the comfort and the well-being
of your cows**

BENEFITS

The Deltex® flexible cubicle offers many benefits:

- ✓ Cows lie down easily and **feel better**
- ✓ **No pressure** on the ribs or on the body
- ✓ **Reduces injuries** and vet costs
- ✓ **Reduces harmful power flow** in your barn
- ✓ **A flexible cubicle** with the same curves as galvanized ones
- ✓ **A cubicle with shape memory return**, the cubicle goes back to its initial position after bending

Supple enough to provide a **maximum of comfort**, **rigid** enough **to maintain the cow** in the stall.

A UNIQUE TECHNOLOGY

Patent pending

Deltex® cubicles are the result of a **unique technology**, they are made of a **double layer of synthetic material**.

Core with a high-strength cable

Outer skin

- ✓ The core gives the elasticity to the cubicle.
- ✓ The outer skin gives the strength and the resistance. This makes the cubicles extremely safe and stable.

**SOME FIGURES
ABOUT DELTEX®**

By the end of 2020 Deltex® has:

Sold more than
36000 cubicles
in 15 countries

Equipped
more than
700 barns

Equipped
15 agricultural high schools
in France

DELTEX® CÂBLE

The Deltex® neck cable is highly flexible

This cable molds itself to the same shape as the cows' neck, removing injuries when standing up. This again improves the cows' comfort and reduces their stress levels.

The Deltex® neck cable works perfectly with existing steel cubicles.

DELTEX® CUBICLES

AN UNRIVALLED FLEXIBILITY

Different sizes of cubicles:

190 cm
Adult cow

170 cm
Small adult
cow or calf

150-130 cm
Calf

Deltex® cubicles provide an unrivalled flexibility

Always goes back to its **initial position** thanks to the shape memory.
